OBSERVING EMOTIONS
During setup, you may choose a Unique Hero ally to be Grid's Study. While you control Grid, he has the Personality of his Study instead of what is on this card and is considered within 4 clear spaces of his Study for his Study's abilities that are not special attacks.

THREAT ANALYSIS NETWORK
At the start of each round, if Grid is in your start zone, you may choose an enemy Unique Hero and roll a d20. Add the chosen Hero's Attack to your roll. On a:
• 8+, you may give 1 figure you control a normal move action; and
• 16+, the chosen Hero has -1 Defense this round, or -2 Defense when attacked by Grid or his Study.

COMMUNICATIONS BLACKOUT
If Grid is in your start zone, an enemy in its start zone cannot use abilities to add to initiative or move Order Markers between cards on their team.
