

IRIS WEST

FLASH FAMILY

### TEAM FLASH

If *Flash* is on your team, allies who are Metahumans or have the Speedster keyword are added to the Flash Family faction. Whenever Iris West is moved, you may reveal Order Marker X on this card. While Order Marker X is revealed on a card you control, after an ordered activation with a Flash Family figure, you may activate another Flash Family figure. You may not activate additional figures this turn.

### SPEED BEACON

When Iris West is targeted by an enemy, you may give a Speedster ally a move action. If that Speedster ends that move adjacent to the enemy targeting Iris West, you may roll 1 damage die against that enemy, or 2 if that Speedster is *Barry Allen*.
