### WALL OF ICE 4

Start the game with 4 single-spaced Medium Destructible Objects with Cold Resistance and Heat Weakness and the Name of Ice Rock. Once per round, instead of Mr. Freeze's move phase, he may place up to 4 of the Ice Rocks on connecting land spaces within 4 clear spaces, reviving any that are defeated at full Life. This placement is unstoppable.

### FROZEN MOLECULAR FIELD

Enemies must count all spaces within 4 spaces of Mr. Freeze as slippery ice in addition to their other terrain types.

### FREEZE RAY

Instead of Mr. Freeze's attack phase, you may roll 2 Cold damage dice against a figure within 4 clear spaces.

### EVERYBODY CHILL

Once per game, during cleanup you may roll 1 Cold damage die against each enemy within 4 clear spaces.
