THE SWORN

Start each round with X Sworn! Order Markers. X is the number of units on your team in The Sworn faction, to a max of 4. You may not place more than 1 Sworn! Order Marker on a single card.

SWORN COORDINATION

Once per turn, before a move action with a figure you control, you may remove an unrevealed Order Marker from a card on your team to choose either Tiva or an ally within 6 clear spaces of Tiva. Make a move action with the chosen figure and it may not use another move action this turn.

CONTROLLED LYCANTHROPY

After removing an Order Marker from this card, Tiva heals 1 wound and has +2 Move until the end of the turn.
