

ULTRON

AGE OF ULTRON

Instead of *Ultron's* ordered activation, you may maneuver up to 2 *Ultrons* you control up to 4 spaces each then make an attack phase with up to 2 *Ultrons* you control.

ULTRON IMPERATIVE

After any *Ultron's* attack phase, you may choose an ally that is a Robot or has the Cyborg keyword within 10 clear spaces of that *Ultron*. If you do, defeat the chosen ally, heal that *Ultron* to full Life, and place that *Ultron* on the chosen ally's previous placement. This placement is unstoppable.

TOUGH

When defending against a normal attack, Ultron has +1 block.
