

TORQUEMADA

TOMAS DE TORQUEMADA

PURE VIGILANCE!
All Common Human figures you control have a Fanatical personality instead of what is listed on their cards. When Torquemada or a Fanatical Human figure within three clear sight spaces of Torquemada attacks an adjacent non-human figure with a normal attack, add one automatic skull to whatever is rolled.

FOUR FACES OF TORQUEMADA
Start the game with three gray Face markers. After Torquemada has been destroyed, whenever a small or medium figure is destroyed that is not an Android, Undead or Construct, you may place one Face Marker on this card. If you do, replace the destroyed figure with Torquemada, remove all Wound Markers from this card and then place 1 Wound Marker on this card for each Face Marker on this card. If there is a Face Marker on this card, Torquemada has the species of Undead instead of Human.

MY TERMINATORS ARE WATCHING!
After taking a turn with Torquemada, if he inflicted one or more wounds on a non-human with his normal attack this turn, you may either move and attack with one other Fanatical Human you control or move any three other Fanatical Human figures you control.
