MIXED MARTIAL ARTS

After rolling attack dice for a normal attack against an adjacent figure, if no blanks were rolled, you may choose one of the following:

- add one automatic skull to whatever was rolled.
- before defense dice are rolled, switch Black Canary and the defending figure. They will not take leaving engagement attacks.
- after attacking, you may attack one additional time, rolling 2 fewer attack dice.

SONIC SHATTER 3

Instead of attacking with Black Canary, you may roll 3 unblockable attack dice against a destructible object within 3 clear sight spaces.
