

MARVEL

DOMINO
NEENA THURMAN

**PROBABILITY
MANIPULATION**

When Domino rolls attack or defense dice, she may re-roll up to 2 of the dice once. When an opponent rolls a 20-sided die for a special power or glyph that targets Domino, you may subtract 2 from the roll.

COMBAT TRAINING 1

When Domino attacks an adjacent figure with a normal attack, add 1 to her Attack number. After attacking a non-adjacent figure with a normal attack, Domino may attack one additional time.

ACROBATIC DODGE

After rolling defense dice, you may move Domino one space for each shield rolled. Domino does not take leaving engagement attacks when moving with Acrobatic Dodge.
