You may not place Order Markers on Green Lantern Unique Hero cards at the start of the round. Before revealing an Order Marker on this card, you may move that Order Marker to any other Green Lantern or Oan card you control and reveal it there instead. After moving an Order Marker in this way, before taking any turns, you may reveal an "X" Order Marker on this card to first take a turn with this Guardian of the Universe.

EMOTIONLESS APATHY

This Guardian of the Universe may not attack an opponent's figure unless that opponent has attacked or wounded a Guardian of the Universe you control, destroyed one of your figures, or your only remaining figures are Guardians of the Universe.
