

MARVEL

HEIMDALL

GUARDIAN OF THE BIFROST

At the start of the game, after figures are placed, you may place a Glyph of Bifrost power-side up on any empty space on the battlefield that is not in a Start Zone. If Heimdall is in your Start Zone, instead of moving normally with Heimdall or an adjacent Asgardian figure, you may immediately place that figure on any empty space within 2 spaces of a Glyph of Bifrost. Placed figures will not take any leaving engagement attacks.

GOD OF VIGILANCE

If Heimdall is in your Start Zone and there is at least 1 Order Marker on this card, you may add 8 to your initiative roll.
