

MARVEL

JOCASTA

SELF-SACRIFICE

If a friendly figure within 3 clear sight spaces of Jocasta is attacked with a normal attack and would receive one or more wounds, Jocasta may move adjacent to that figure, if possible, and receive those wounds instead. If she does, and the attacking figure is within 4 clear sight spaces of Jocasta, the attacking figure receives one wound. When Jocasta uses Self-Sacrifice, she will take any leaving engagement attacks.

REPELLING FORCE FIELD

Whenever Jocasta is attacked with a normal attack from an adjacent figure and takes no damage, you may choose up to X empty spaces in a straight line from the attacking figure and place the attacking figure on any of the chosen spaces. X is the number of defense dice that show a blank. A figure moved by this special power never takes any leaving engagement attacks and can receive any falling damage that may apply.

ULTRON IMPERATIVE 4

Whenever Jocasta is chosen for Ultron's Program Transmission 20 special power, add 4 to the 20-sided die roll.
