FLANKING STRIKE
After revealing an Order Marker on the card of another Unique Hero you control, instead of attacking with that Hero, you may move Ravager. After moving Ravager, you may choose one figure engaged with both Ravager and that Hero and roll two unblockable attack dice against the chosen figure. You may only use this special power once per turn.

COMBAT DEXTERITY
Ravager may attack with her normal attack up to 2 times at any point before, during, or after her normal move as long as she is on a space where she could end her movement.

PRECOGNITIVE CALCULATIONS
After rolling defense dice against an attack from a figure within 4 spaces of Ravager, you may choose to either:

- count all blanks rolled as additional shields; or,
- count all blanks rolled as unblockable hits on the attacking figure, if it is in clear sight of Ravager.
