SCORPION STING

After attacking an adjacent figure with Scorpion's normal attack, you may roll the 20-sided die. Add 1 to the roll for each wound the defending figure received from that attack.

- If you roll 9 or lower, nothing happens.
 - If you roll 10-18, the defending figure receives a wound.
 - If you roll 19 or higher, the defending figure receives two wounds.
- Androids, Constructs, Undead, and destructible objects are not affected by Scorpion Sting.
