

SUPERBOY
KON-EL

KRYPTONIAN DNA

Superboy has the species of Kryptonian in addition to the species listed on this card. When Superboy rolls defense dice against a normal attack from a figure that is not a Kryptonian, if at least one shield is rolled, all blanks rolled count as extra shields.

TACTILE TELEKINETIC TOUCH

Before moving on Superboy's turn, you may choose an opponent's figure adjacent to Superboy and move that figure 1 space. Figures moved with Tactile Telekinetic Touch never take leaving engagement attacks.

SUPER SHOW-OFF

Once per round when attacking with Superboy's normal attack, you may add one die for each revealed Order Marker on a Titan or Sidekick card you control. If you do, and Superboy does not inflict any wounds, roll an unblockable attack die against Superboy.
