

**SUPERBOY**  
KON-EL

**KRYPTONIAN DNA**

Superboy has the species of Kryptonian in addition to the species listed on this card. When Superboy rolls defense dice against a normal attack from a figure that is not a Kryptonian, if at least one shield is rolled, all blanks rolled count as extra shields.

**TACTILE TELEKINETIC TOUCH**

Before moving on Superboy's turn, you may choose an opponent's figure adjacent to Superboy and move that figure 1 space. Figures moved with Tactile Telekinetic Touch never take leaving engagement attacks.

**SUPER SHOW-OFF**

Once per round when attacking with Superboy's normal attack, you may add one die for each revealed Order Marker on a Titan or Sidekick card you control. If you do, and Superboy does not inflict any wounds, roll an unblockable attack die against Superboy.
