

SUPERBOY

KON-EL

KRYPTONIAN DNA

Superboy has the species of Kryptonian in addition to the species listed on this card. When Superboy rolls defense dice against a normal attack from a figure that is not a Kryptonian, if at least one shield is rolled, all blanks rolled count as extra shields.

TITAN PROTECTOR

If a Titan or Sidekick you control within 3 spaces of Superboy would receive one or more wounds from a normal attack, and Superboy is not engaged, you may instead place one Wound Marker on this card and you may place the defending figure adjacent to Superboy. Figures moved this way will not take any leaving engagement attacks.

TACTILE TELEKINESIS SPECIAL ATTACK
