

## TEDDY-BEAR

### DOG VULTURE DROP-OFF

At the start of the game you may choose any empty space not in a Start Zone and then choose an opponent. The chosen opponent must place Teddy-Bear on an empty space within two spaces of the chosen space, but may not place Teddy-Bear in a Start Zone or adjacent to any figure.

### TOUGHER THAN YOUR AVERAGE BEAR

Teddy-Bear cannot receive more than one wound from a single normal attack or special power and cannot receive more than two wounds from a single special attack. Teddy-Bear may not use this special power when he is on a lava field or molten lava space.

### FIRE WEAKNESS

If Teddy-Bear is on a lava field space, he rolls 2 fewer defense dice and 2 fewer attack dice.
