

UPSIDE-DOWN MAN

TRUE MAGIC

You may draft and cast Spell Cards with Upside-Down Man as though he had the Magical Defense special power and any special powers, classes, or species listed on them. Upside-Down Man never receives wounds from spells he casts. Whenever a Spell Card would be removed from the game, you may shuffle it face down into his Upside-Down Deck.

UPSIDE-DOWN CRUELTY

Upside-Down Man is never attacked when leaving an engagement. While there are five or more Spell Cards in his Upside-Down Deck, whenever he passes over an enemy figure you may roll an unblockable attack die against the chosen figure. If you roll a skull, draw the top Spell Card from the Upside-Down Deck and add it to your army.

LIVING MAGIC

After Upside-Down Man casts a spell instead of attacking normally, he may immediately attack with his normal attack.
