

BAT-ROPE
(CLIMBING MOVEMENT)

**UTILITY
EQUIPMENT GLYPH**

Instead of moving this figure normally, you may choose a small or medium friendly figure that is adjacent to this figure, and then you may move this figure one space up to 40 levels up or down. After moving with this special power, if you chose a figure, you may place it on an empty space adjacent to this figure. Figures moved with this special power will not take any leaving engagement attacks. After using this special power, if this figure is a Valiant Crime Fighter, it may use this special power one additional time.
