

MYSTIC OCEAN TRIDENT (LIGHTNING CONTROL)

ARTIFACT EQUIPMENT GLYPH

Instead of attacking normally with this figure, you may choose a figure within 4 spaces of this figure that does not have the Electrically Charged special power. Roll the 20-sided die, adding 6 to your roll if this figure is an Atlantean. If you roll 16 or higher, the chosen figure receives one wound and you may use this special power again. You may continue using this special power until you fail to inflict a wound.
