(SEARING AGONY)

EQUIPMENT GLYPH

After a figure equipped with or on this glyph takes a turn, each player must roll the 20-sided die once for each of their figures that is on or equipped with this glyph or is adjacent to a figure equipped with or on this glyph. Subtract 3 from your roll if your figure has the Fire Weakness special power. If you roll 10 or lower, your figure receives one wound. Oliver Queen, Bruce Wayne, and figures with the Lava Resistant special power are not affected by Ollie's Stupendous Chili.
