Battlefield: Alkali Lake

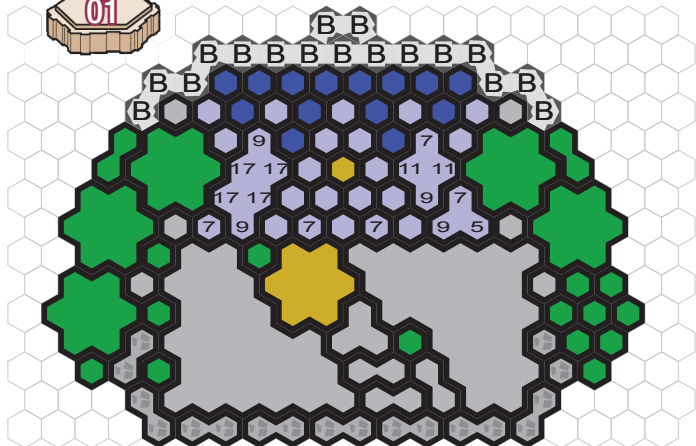

ALKALI LAKE BATTLEFIELD

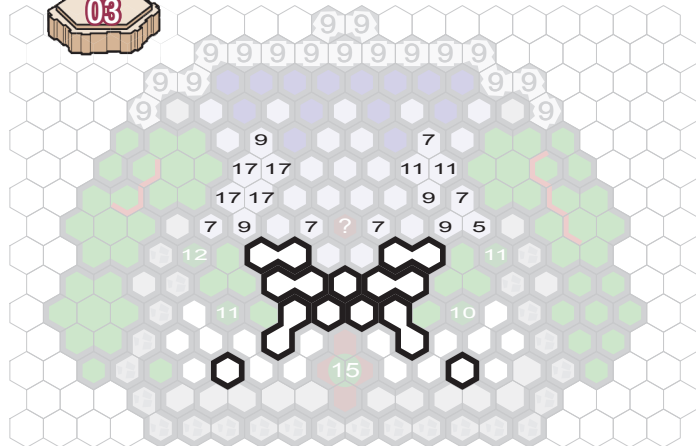

Required Sets:
 Rise of the Valkyrie™ Master Sets,
 Fortress of the Archkyrie™, Road through
 the Forgotten Forest™, Thaelenk Tundra

Disguised as dam over part of Alkali Lake, this Canadian site is not for the tourists. Rumors are that government experiments take place deep beneath the snow and ice. Some sort of potential Super Soldier program that the government doesn't comment on and everyone is too afraid to go looking for.
