CRASH LANDING BATTLEFIELD

Required Sets:

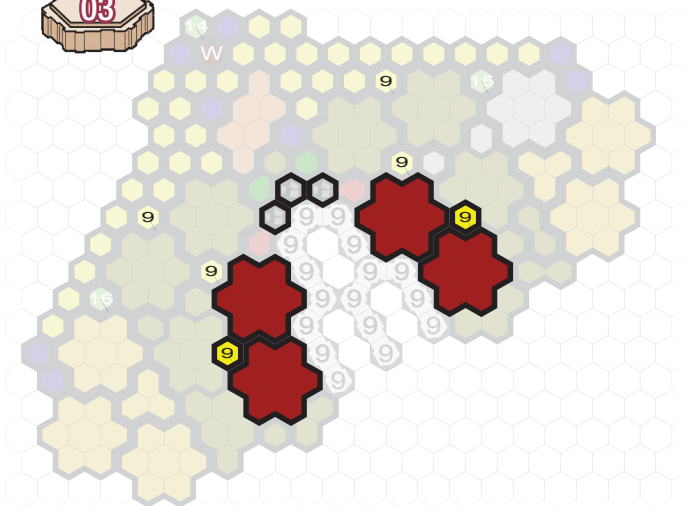

Swarm of the Marro™ Master Set,
 Vocarren Wasteland™, Ticalla Jungle™,
 Fortress of the Archkyrie™

An interstellar space craft crash lands on an unknown planet filled with danger and mystery. The planet's hazardous environment is the least of the survivors' worries, however, as the xenophobic locals don't take to kindly to unexpected "visitors" and will not stop until every one of them are dead.
