SACRED SHRINE BATTLEFIELD

Required Sets:
Rise of the Valkyrie™ Master Set,
Fortress of the Archkyrie™

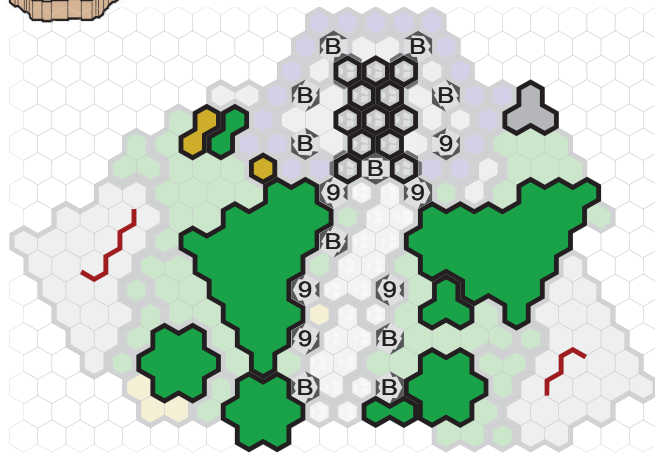

Lost in rolling fields, shadowed by a mountain whose name has long been forgotten, ancient pillars guide an even more ancient road to a stone altar set against the edge of a lake. Once a place of renown, this shrine and its mystical contents have passed out of living memory. But its long slumber is now suddenly interrupted as masters of magic on both sides of good and evil have reached out and touched its great power. A race has begun and soon the mountain will tremble in the wake of war.
